NEW TOWNSITE NEAR DOUGLAS.

Calumet-Queen Townsite is Now Being Surveyed—It is Located West of Pirtleville.

(Special to Review.)

Douglas, Nov. 23.—Judge Buemler is now very busy launching a new townsite near Douglas, which he declares will be the metropolis of all the additions to Douglas on the west side. John T. Nicholson and one or two others are interested in the new townsite with Judge Buemler. The tract of land—eighty acres—is well located, and the section line road will lead direct from the Calumet-Queen to the Calumet smelter.

J. J. Johnson is now surveying and will soon have the plans of the new addition to Douglas complete. In the meantime lots are now on sale. Judge Buemler will handle these lots at his real estate office on G avenue.

Within the Calumet-Queen townsite will be set apart a plot of ground for a cemetery sufficient to accommodate the various settlements in that vicinity.

Several lots were sold yesterday by Judge Buemler, and he thinks the new location will become popular with the people who will be employed at the Calumet or Copper Queen smelters.

ROBERT HILER DISAPPEARED.

(Special to Review.)

Douglas, Nov. 23.—Robert Hiler, a nephew of John Slaughter, left on the 14th of this month for Louisiana with two carloads of horses. He reached El Paso all right, and was seen on the 16th, but since that time nothing has been heard of him. As no one appeared to take charge of the stock, the railroad took the matter into its own hands and sent the stock on to its destination. Word was sent here of the strange disappearance of Hiler, and an investigation is under way to locate him if possible.

It is feared that he has been killed or made away with in some manner, as he had considerable money on his person to pay the expenses of his trip. He was a young man of steady habits and is largely interested in this vicinity, and there is no other theory for his disappearance than that he was foul play.

One of Mr. Slaughter's men, Mr. Fitzgerald, left this morning for El Paso to find Hiler. If possible, and if he can not be found dead or alive, Mr. Fitzgerald will follow on after the horses in hopes that Hiler might have in some way missed the train and took another out of El Paso to catch the cars with the horses.

AN UNWELCOME PASSENGER.

(Special to Review.)

Douglas, Nov. 23.—This morning when No. 2 pulled into the station Charles Brown discovered a negro hobo perched on a brakebeam on the trucks of the parlor car. All that could be seen of him was his cap and two big black eyes. Sergeant Hopkins pulled the hobo out of his "section" and took him to jail. He was very much frightened at his arrest, and the officers are inclined to believe that he is wanted some place, and was making a "get away."

GRAND BALL.

(Special to Review.)

Douglas, Nov. 23.—Tomorrow night the Fraternal Brotherhood will give their third annual ball at the Hotel Queen. All arrangements have been completed to make this ball by far the best ever given by the order in this city. Several committees have had the affair in charge, and have been working hard to make the ball a grand success. Every one is invited to attend this ball. Good music, a good floor and a good time is promised.

Joe Chisholm, of Baboo, was in town last night from the Chiricahuas, where he went on mining business.

DOUGLAS LOCALS.

(Special Correspondence.)

Attorney Walter McCurdy, of Nogales, has arrived here and will locate permanently.

Consable-elect Shropshire has moved his family from their ranch up the valley into town.

J. H. Hopkins, father of Sergeant Hopkins, is in town visiting his son. His home is in Colorado.

The First National Bank of this city will be closed all day tomorrow in honor of Thanksgiving day.

David Callisher returned last night from an extended trip to New York City and other eastern points.

Manager Brumley, of the Santa Barbara Cattle company, and Charles Fernand, left last night for Bisbee.

L. C. Shattuck and party returned last night from a visit to the Chiricahuas mountains, where they had been to inspect a property in which Shattuck is interested. The party also visited Cananea and were taken through all the big mines of that company.

The local Chamber of Commerce has removed its mineral exhibit from the Bank of Douglas building to the Fiege-Pierce store building.

Several lots were sold yesterday by Judge Buemler, and he thinks the new location will become popular with the people who will be employed at the Calumet or Copper Queen smelters.
